TOWN MEETING NEXT WEDNESDAY

George Boylen, Chairman of the Board of Selectmen of Wilmington has said that if enough voters are on hand to make a quorum, at 8 pm next Wednesday, in the Herbert C Barrows Auditorium of the High School, the Special Town Meeting can be concluded in fifteen minutes, and each taxpayer will save himself approximately \$1 a minute, in taxes, or \$15.

The Special Town Meeting was called for the purpose of rescinding a former appropriation of \$100,000 for the Wilmington Welfare Department.

In the state-wide confusion of last spring, regarding state and local welfare charges, a sum of \$100,000 extra was appropriated for Wilmington welfare costs.

If a quorum (150 voters) can be obtained, and if the meeting votes to rescind the former vote, the money will not have to be raised by taxation this year.

If there is no quorum the extra \$100,000 will have to be raised, meaning an extra dollar in the tax rate. In a home that is valued at \$15,000 this will mean an extra \$15 in the tax bill - and it is this reason that has led Mr Boylen to make his remark.

Article 2 of the Warrant is for the transfer of a sum of money, nearly \$50,000, from the Water Department Accounts to the Legal Settlement Account. This is to prepare for the paying of the damages accrued when the Town of Wilmington took by eminent domain an area in North Wilmington, for a future well field. The courts have found that the former owner, Bob Corey of Lowell, is entitled to a payment of over \$49,000 for the loss of his land.

Article 3 of the Warrant is at the request of Town Manager Sterling

Morris. He is asking that the town appropriate a sum of \$6,000 for a professional appraisal of all wages paid to town employees.

Mr Morris says that the employees especially should gain from such a study, as it will be of benefit to them in the collective bargaining sessions of each year. He is hoping for a favorable response from the voters.

School Board Approves Sex Study

The Wilmington School Committee, Tuesday evening in a special meeting tentatively approved a report on family living and sex education.

The School Board authorized a release to the public of the report, made by a special committee of teachers, and further authorized the School Administration to proceed to fulfill Phase No. One of the recommendations of the Committee.

Phase No. One consists of a Pilot Program in Sex Education, and it is contemplated that it will be implemented at first in the West Intermediate School.

The report of the Study Committee, with reference to Phase

One, reads:

1. That one member of the main committee be designated as Director of Family Living on a part time basis, and this person be given the directive to initiate a pilot program as soon as is feasible, to serve the immediate need and to evaluate the basic concept.

A. That the two films, GIRL TO WOMAN, and BOY TO MAN, be purchased immediately. These two films to be used in the pilot program.

B. That the pilot program be instituted at the two intermediate schools with parent consent, and utilizing the already available staff members of the physical education department in conjunction with the health classes.

C. That those parents who are

SPECIAL DELIVERY - Heavy ventilator roof section arrives by helicopter atop the new Smithcraft Corporation Plant, currently nearing completion in the Industrial Park at Wilmington, off Rte 93. The whirly bird was kept busy all week hoisting air conditioning equipment and other materials. Reason: The vast, seven-acre roof is too broad for a crane to 'reach' from the buildings edge to the center. Smithcraft is the world's largest independent maker of commercial and industrial lighting fixtures. It will move during the July vacation period from its present quarters in Chelsea, where it has been ever since founder Arthur L. Smith opened his little blacksmith shop there in 1900.

THIRTY FOURTH MIDDLESEX DISTRICT CHANGED

The boundaries of the Thirty-Fourth Middlesex District, formerly Wilmington, Burlington and two wards of Woburn, have been changed. The news is official.

The number of the new district is not known to the Town Crier, but it will include Wilmington and one ward only of Woburn (North Woburn). Burlington and the West Woburn ward will become a new

district. Rep. Fred F. Cain of Wilmington received a letter from the Secretary of State, John F. X. Davoren, on June 14th advising him that the districts as laid out by the County Commissioners will be official in the coming elections.

The US Federal Court, in Boston, had declined to interfere with the existing districts at this time, Davoren advised.

The Seventh Senatorial District, Senator Ron MacKenzie, remains the same as it was two years ago.

Rapid Transit North of Boston

Across the nation are growing problems of transportation. More super-highways are pouring more cars into metropolitan areas. More congestion is caused. Suddenly the words Air Pollution are becoming popular.

It is being proposed to keep cars from the cities, to force people to use rapid transit facilities, to have large parking lots for such facilities in the suburbs.

In New England the problem is growing. A governmental agency, the Metropolitan Area Planning Council, is considering reports which would establish terminals in suburban areas of Boston, for future rapid transit lines.

One of the terminals proposed would be on the Reading-Wilmington line. Part of a swamp would be filled in, for parking areas.

Unfortunately the proposal is already out of date. It was out of date yesterday, not today. Route 129 is not adequate to serve the cars of the future. It is not adequate to serve the cars of today, and any improvement would only be a hindsight.

A larger parking lot, and a larger terminal, should be located still further north of Boston, in an area that can be expected to generate the traffic of the future years.

The planning must be not for 1965, but for 1975, and even 1990.

Is it possible for the Metropolitan Area Planning Council to co-ordinate its planning with areas to the north of it?

In a few years the area around Routes 495 and 93 will be the most important in Northeastern Massachusetts. Route 495 will be bringing cars from Lawrence and from Lowell, and from the areas in New Hampshire adjoining these two cities, to Interstate Route 93.

A couple of miles south on 93, at the Dascomb Road interchange is a large dry area that is not congested, and could adequately provide the parking area needed for a Rapid Transit Terminal. The area lies between Dascomb Road and the Shawsheen River. The present lines of the Boston & Maine Railroad go into the area.

Construction costs, in such an area, would be lower than elsewhere. The 'drainage of traffic' in future planning, would be quite logical at that place.

This, from a Planning viewpoint, is the logical location for a terminal for the Rapid Transit lines from Boston, circa 1985.

papers entitled 'Wilmington, 1978' which they directed to Mrs McKie.

After reading the papers Mrs. McKie sent the following letter to Miss LeBauer and her students.

Dear Miss LeBauer:
I have read with great interest the themes written by your students entitled, 'Wilmington, 1978'. In addition, other Planning Board members have read them and noted the comments of the students. It may prove worthwhile to pass them along to the Recreation Commission.

Much of what the students have to say has merit and I am certain will be recorded by Town Officials. However, sometimes students become a little confused regarding the functions of Town government as opposed to private enterprise in addition to the responsibilities of the various Town Boards.

It was rather alarming to note the degree of dissatisfaction among the youngsters with the services provided by their Town government. As I have previously stated, I agree that more consideration should be given for the recreation of youth.

However, that consideration should not extend into the realm of private enterprise. It is this over-lapping of government which produces a socialistic and even a police state.

The fundamental of democracy insure that private enterprise is entitled to flourish and that citizens may establish businesses which will provide a livelihood for themselves and their families.

To undermine this right by proposing that government undertake profit-making organizations, such

as drive-in theaters, miniature golf courses, etc., endangers every basic principle of democracy. As I feel strongly about the growth of socialistic attitudes, may I suggest that this point be discussed in class so that misconceptions which exist may be cleared?

Regarding the authority and responsibility of the Planning Board, it is important to remember that the Planning Board is essentially an advisory board. It may employ professionals to study problems which exist or may exist in the future. The recommendations which result from these studies are discussed by the Board and proposed to the Town Meeting.

It is the voters alone, at the Town Meeting, who can initiate any action proposed, and appropriate the funds to do so.

In the matter of sub-division control, the Board has more power. It has the responsibility to see that any streets, drainage or utilities are installed in such a manner that the Town, when it takes over the ownership of these services, will have a minimum of trouble. Design standards and conformity with the zoning by-law, of course, are considerations as well.

This of necessity is over-simplified but I feel it may help to alleviate some of the misunderstanding which exists regarding the duties of the Planning Board.

Thank you for the invitation to speak to your students, and for the opportunity to read their interesting comments. It was a pleasurable and most enjoyable experience.

Very truly yours,
Mrs. Theodore McKie.

Letter from George Boylen

Dear Larz:

The June 13 issue of the Town Crier contained details criticisms of the Board of Selectmen by the Planning Board. I would like to comment on some of their remarks.

Gillis: 'And they practically shut up the Chairman of the Planning Board'.

Fact: The Planning Board was sent a memo asking for information that would be useful to the Selectmen--Their answer was in effect they had no information to offer, but would hear the facts at the Hatch Act Hearing. Three times I asked for additional comments before the vote was taken. Only after the vote was taken did Mr Gillis protest.

Stickney: 'It was a political body motivated politically. They sway every time a half dozen voters come into the room..'

Fact: The Board of Selectmen have remained consistent in twice voting to turn down this request. Compare our action to these Town Crier excerpts.

4/11/68 The Planning Board turned down unanimously the proposal for modification of Section III of Alderwood Estates on motion of Danny Gillis--viz, 'Because it has not been shown how to get rid of the water below the railroad track and because the US Army Corps of Engineers is about to have a stream survey in Wilmington' etc.

Gillis: 'I have a conflict with your opinion (to Tougas) I don't pretend to be an expert, but I feel that there may be more flash floods if there are more homes.'

Nevertheless the Planning Board voted to reconsider their earlier disapproval and to approve conditionally. I ask you, what facts given by Mr Gillis changed, as regards to the flow of water from the area for the board to reverse their position.

6/13/68 Stickney: 'The only qualified person to speak, was the Town Engineer and they shut him off.'

Fact: The Board of Selectmen asked Mr Harding for an opinion a week earlier. Mr Harding showed up at the meeting late and while there, wrote a short memo to the board which did not give solid reasons for approval. This obviously did not impress the Board.

You say in your editorial 'Selectmen Miss the Boat. The Selectmen can bargain.' This is correct, however, we are not convinced we would not be offering to flood out Kilmarnock Street and Westdale Avenue as some of the bargaining points. This, in my opinion would not be right.

In Summary: I believe this is a serious problem and has been treated as such by the Selectmen.

Remember, if the basic assumption is made, that a board is not acting in the best interests of the Town and their motives are questioned on each of their decisions, then a case can be created. This holds true for the Planning Board as shown above, as well as the Selectmen, or any other Board.

Wow, the cigarette packs are certainly coming in thick and fast. Tonight we'll take them to Tewksbury, and it's lucky, because by tomorrow you might never see us again, or at least they'd be coming out the Depot door. And for those who asked for special information as to donations in cash for the boy we'll do our best to find out where and who he is...Thanks to you all!

Hear that the CD had a 'Lost Child' Drill this week so that they could site their mobile units in the most strategic positions all over Town in case of an emergency or disaster, and some heel kept breaking the frequency--or jamming--as it is called. Not only is this a Federal Government offense, but dangerous to the community...and fortune has ways of compensating for this type of thing. I certainly hope that it is not his family that is in desperate need of help from the Civil Defense someday! Come all of you ham radio fellas, the CD needs you!

Maureen Kaszynski wrote us her yearly note this week: 'Dear Nosey Nancy, I just want to tell you I enjoy reading your column.

'Also, my brother Bob, who just arrived from Germany this week spent 1 yr 3 mos in Germany in the army with his wife. He is a 1st Lt and that he will be leaving for Viet Nam on July 10 for a year. He spent his first anniversary in Atlanta Georgia his second anniversary in Germany with his wife, and his 3rd anniversary in Viet Nam, as he hasn't spent his anniversary in the same place twice yet.

He is Robert J Kaszynski, son of Mr and Mrs Kaszynski of 3 Jones Ave and his wife is Mrs Yvette Kaszynski, originally from Manchester, N. Hampshire.

'I also want to congratulate my brother, Richard Kaszynski, who is getting married June 16 to Miss Terry Baldwin of Wilmington From Maureen Kaszynski'

(Thanks, Maureen, for the family news...and I'll just bet those brothers are as proud of you as you are of them...Sounds like a great group!)

This week, our Serviceman is Tommie Park, a brother to Ronnie, who is one of our outstanding correspondents:

'Dear Nancy: Received the TC today and saw the letter my brother had printed in it. I agree with him one hundred percent. The war in Viet Nam shows our men are really trying to end the war.

As you know, I'm in Korea, and this isn't an easy tour. Like my brother, I'd rather be home, but we have a duty to perform. We don't have much time to sit down and read the papers often, but I know what VN is like. I have had two brothers there and one is still there, as you know.

'I don't know where the Wolff boy gets all his information, but he's reading too many papers. You can't go by the papers all the time. They leave a lot of words out and it makes the war sound really bad for the US.

We have had North Koreans coming over the DMZ. We have to

pull guard 24 hrs a day and do our other jobs. WE ALL work together here and things work out fine. It makes your job easier working together. I'm in a Hawk Unit and my job is fire control operator. We have our missiles ready 24 hrs a day for any air-attacks. To get back to what I have to say is that anyone who protests against the War in VN should get all the facts first, not just one side of the story.

'Wolff and many like him are scared to fight for our freedom. They sure enjoy the rights they have, but who needs them if they aren't willing to give their lives for others to have the same freedom. Like my brother said, we need men to fight our wars and not boys.

'Jack F. was a great friend of mine. We were in the same shop class and he was a man. He showed what a man could do and gave his life for it. John Rich was another soldier who gave all he could for freedom. I hope the people in Wilmington and all the Towns around us feel the same way as I do.

'I'll take some pictures of the homes the people live in over here and you can see what we say when they need our help. I'd like to see the so-called man live over here. He couldn't take it a week before he would cry for home.

'The people work about 18 hrs a day in the rice pads, and seven days a week. They don't have weekends like in the US. Every day is the same.

'That's all I have to say about our protesters and our fighting in VN and Korea. I'm sorry I haven't written sooner, but I've been busy. Yours truly, Pfc Thomas W Park.

'PS I'm really sorry to hear about RFK. What is our country coming to. Robert stood up to what our country stands for and he was killed like his brother. He was like his brother, John, who could have helped our country a great deal. Let's hope and pray that Ted doesn't meet up with the same!

(Thanks Tom for your letter. We were all shocked and heartbroken at the death of RFK, and God protect and save Ted for the tremendous job he is doing and will do with all of those children!)

A new windfall came to the Vets Afghan Yarn Project this week. Not only did we get a real healthy donation, but Mr Ed Aucella, the manager of Grant's at the Plaza, called us down to see him, and he says that for every \$4.99 blanket you purchase from Grant's between now and July 6, he'll give you a skein of yarn for the Vets Project. All you have to do is mention to Ruth in the blanket department that you want the yarn for Nosey's Project and she'll give you the skein, or if you prefer, she'll give it to me. Let's see the old spirit now there, gals. This chick saw the blankets and they are well worth it...They'll even lay them away for you until September... Let's hear about this one! The yarn stock is low...

Thank you all for your cooperation on the yards and sidewalks. The center is looking much much better, and so you must be bending and stretching, and using the new bright yellow trashbarrels.

Is Your Name Doucet?

(A Newspaper Clipping, undated, from a Nova Scotia paper, about the Doucette Village)

Loaned to the Town Crier by Robert Doucet of Ledgewood Road

Churches By The Sea

By M. ALLEN GIBSON

Some seven miles inland from the shore of St. Mary's Bay is the village of Doucetteville which, a century and a half or more ago, was carved out of the forest by the families which settled there.

David Doucet, known as "le Grand David" because of his size, was their leader and the place first was called Doucet's Settlement.

A century passed before the residents of the community had a church of their own. They did not neglect their religious duties, however, and the long trip through the woods, on foot or by horse team, was regularly made by them to the church in Plympton.

Then, about three score years ago, they began having Mass once each month, using the village school as a meeting place.

It was not long until the school became too small to accommodate the worshippers, who represented about 45 families in the area of Doucetteville, Sissiboo Falls and Amiraault's Corner.

The story of the building of their church began in 1915 when a site, in the centre of the village, was given by Angus Thibault. The pastor at that time was Rev. P. C. Thibault.

With John Oliver as foreman, construction was commenced in the spring of 1915. By fall, the exterior was completed and, on New Year's Day, 1916, the Mass was celebrated in the church for the first time.

April of the following year, 1917, saw the completion of the interior and, on September 9, 1917, Monsignor Alphonse Benoit Cote of

Meteghan solemnly blessed the church.

Rev. J. M. Doucet was the parish priest when, on March 16, 1929, Sacred Heart Church, Doucetteville, was struck by lightning and destroyed. In a subdued vein, he noted in the parish register, "This is a terrible shock. But, God willing, we will rebuild soon."

There was little delay and, on June 16, 1929, Archbishop Alexander MacDonald laid the cornerstone of the new church.

In its issue of August 22, The Halifax Chronicle reported that the congregation had started to build the new church, "along the same lines as the original ... as soon as the frost was out."

Father Luc Gaudet succeeded Father Doucet while the work was in progress.

The foreman during construction of the present Sacred Heart Church was Isaie Belliveau whose handiwork is to be seen in the

beautiful stone church at St. Bernard. Assisting him were Burnham Thibault, Herbert Deveau, John Amaro, Alfred Thibault and many others who gave voluntarily of their time.

The cemetery, extended in 1967 by a gift of land from Delphis Comeau, was blessed in 1917. The first person to be buried there was Marc Amiraault, who had died at the age of 94.

The first wedding in the Doucetteville church was that of Willard Thibault and Marguerite Thibodeau, which took place on February 10, 1918.

Currently a mission of Holy Cross Church, Plympton, Doucetteville's Sacred Heart church is under the pastoral care of Rev. David H. Stokes.

Father Stokes, in his history of the church, has observed that "It remains a central factor in the life of the community, and its people continue the faithful Christian spirit which infused the lives of their Acadian forebears."

D.A.V. CERTIFICATES OF APPRECIATION

The National Executive Committee of the Disabled American Veterans has announced that all Vietnam-Era Veterans who have been discharged since August 1, 1967

will be sent a Certificate of Appreciation, together with an offer of a one-year free membership in the DAV for those who are eligible.

Approximately 400,000 people throughout the country will receive these certificates.

Those Vietnam - Era Veterans who were discharged between August 4, 1964 and August 1, 1967 will not automatically receive one of these certificates and free membership offer only because lists of such people are not available. If anyone who was discharged between those dates and is interested will drop a line to the Disabled

American Veterans, 60 Grove Ave. Wilmington, such a Certificate will be forthcoming.

RECREATIONAL AND CULTURAL FACILITIES WITHIN THE BOSTON AREA.

The Wilmington Public Schools have sent to the parents of Wilmington School children, via the children, an attractively printed booklet entitled A Parent's Guide to Recreational and Cultural Facilities within the Boston area.

Chevelle Malibu Sport Coupe

Chevelle prices not only start a full \$100 less than other mid-size cars-it's more car.

We've thought of things for Chevelle that other mid-size cars would like you to forget.

For instance, that taut-lined package above gives you a ride that rivals bigger higher priced cars. (That's because we thought to give it Full Coil suspension. And a separate frame with a computer-refined mounting system cushioning its Body by Fisher.)

The choice of engines and transmissions you have is the greatest in Chevelle's field. And if you're a performance buff, you'll find we did some thinking on your wave length: black-grilled SS 396's with Turbo-Jet V8 power you can order up to 350 horses strong.

You also get more ways of putting your personal stamp on a Chevelle than any other mid-size car offers. Take wheel covers alone. You can order simulated wire ones. Or mag-style. Or mag-spoke. Or rally-type.

Even so, Chevelle prices start a full \$100 under any competitive mid-size cars. How's that for a parting thought!

It's like no other savings event your Chevrolet dealer

has ever held. To you it means extra buying power—an explosion of savings on Chevilles and Chevrolets. Take a look at these bonus savings plans. Then see your Chevrolet dealer.

Bonus Savings Plans.

1. Any Chevelle or Chevrolet

with 200-hp Turbo-Fire V8, Powerglide and whitewalls.

2. Any Chevelle or Chevrolet with 250-hp Turbo-Fire V8, Powerglide and whitewalls.

3. Any big Chevrolet with 250-hp Turbo-Fire V8, Turbo Hydra-Matic and whitewalls.

4. Now, for the first time ever, big savings on power

disc brakes and power steering when you buy any Chevelle or Chevrolet with V8 engine.

5. Buy any Chevelle or Chevrolet V8 two- or four-door hardtop model and save on vinyl top, electric clock, wheel covers and appearance guard items.

Happening now at your Chevrolet dealer's: a tremendous explosion of extra buying power. Only the leader could make it happen.

Kiwanis Club News

At the June 3 meeting, Supt Shea gave a thorough report on the Willis Report and its recommendations. Also he told of the necessity of building schools to meet the needs in any section of town.

On June 10, Rev Allan Tadgell offered a prayer in respect to the

late Robert Kennedy.

Gordon Richburg reports on an interclub with Stoneham in which the gavel was retrieved.

Russ Joseph gave a report on the Scholarship awarded at High School Graduation.

Mr Jack Dwyer, the principal of Adult Education in the Lexington Schools spoke on the many inadequacies of our present school system and cited the role adult education will have in future years. Adults must be brought abreast of today's world by being given a better means of coping with the problems of today. This will be accomplished only through education.

Shawsheen Tech

News

The new Shawsheen Valley Regional Vocational Technical High School is shortly to become a reality. The motorists who travel on Cook St in Billerica have been able to see the progress on the site where the school is to be located. The land has been completely cleared of trees and underbrush, and is now ready for the actual building. Final drawings are now being developed, and it is expected that these will be completed in a few months.

After approval by state agencies it is expected actual building will start in the fall. The firm of Fitzmeyer & Tocci, Inc. of Boston has been designated as Heating and Ventilating Engineers and Greenleaf Associates of Cambridge as Electrical Consultants.

The District Committee realizes the importance of an experienced and efficient clerk of the works for this project, and is hopeful that anyone who has experience and is interested in this position will call the School Office in Burlington at 272-6300.

SVJCC TO HOLD FAMILY OUTING

A family outing and barbeque will be held by the Shawsheen Valley Jewish Community Ctr on Sunday, June 30th, at Simonds Park, Rt 3A, Burlington, beginning at 11:00 am.

All friends of the SVJCC are invited to attend the barbeque, for which a charge of \$1 per adult and 50¢ per child over two will be made. There will be supervised activities for both children and adults.

For reservations or information, please contact Adult Activities Chairman Michael Berlow 171 Fox Hill Road, Burlington 272-2625, by June 20th.

The First Widow of Bunker Hill

Evelyn Sheerin of Gunderson Road has a claim to distinction. She is the widow of the first soldier killed at the Battle of Bunker Hill, in 192 years.

Her husband is a member of the Wilmington Company of Minute Men, a number of whom attended the battle last Saturday, and ended up in the Reviewing Stand.

But Warren Sheerin volunteered, at the last moment, to be a British Grenadier. There weren't just enough British for the battle, and besides his wife and Barbara Sullivan, also of Gunderson Road, egged him into the British Army.

The ladies of the Charlestown Company of Militia, which organization has thought up the idea of the re-enactment of the battle of 192 years ago, had made 150 red-coated uniforms and mitered hats, for men who would be willing to play the part of the British soldiers of His Majesty George III.

And when there weren't enough Volunteers for His Majesty, Warren suddenly found himself with the rank of Private, in the ranks of the Grenadier Guards.

The British were faultlessly accoutered, with red coats, white cross belts, and mitered hats. They all had long sleeved white shirts, except Warren.

And as the troops of the British Army stood at the foot of Breed's Hill and glowered at the dastardly Yankees at the top of the hill, Mrs. Sheerin was able to pick her husband out of the ranks, by his short sleeves, and watch his progress in the battle.

And when the first British soldier was killed Mrs. Sheerin knew who it was. He had short-sleeves to his shirt.

Actually, Warren was wearing new shoes, and his shoes hurt. So he sort of laid down on the job. The script called for him to be killed during the battle, so why not get it over with, and prevent any unnecessary corns?

Warren just laid down because the shoes hurt too much. He didn't stop to think about the fact that the script called for three charges against those rebels, holding out at the top of the hill.

And when His Majesty's forces retreated, after that first charge, it was over the 'dead' body of Private Warren Sheerin.

And the second charge, and the third, was also over his body. He learned what it was to be the rug in the front hallway.

Although his feet hurt, Warren is willing to testify that another part of his body hurt more, after the battle had been completed, and the Rebels routed.

Sheerin was able to make it to the headquarters of the Charlestown Company of Militia, after the battle, where refreshments were served to all who participated, both British and Colonial. In old military style, those refreshments came from the head of a barrel. Warren accepted his refreshments standing up. He didn't want to sit.

The thing that impressed him most, about the battle?

It was the several hundred kids who charged up the hill, after that third charge of His Majesty's forces. They were souvenir hunting. They picked up discarded clothing, and anything else they could.

One of them reached down and forced open one of Sheerin's eyes. 'Are you really dead?' he asked. 'Can I have your hat?'

Vacation Mail

John Kenney, Assistant Postmaster at the Wilmington Post-office says, with regard to postal patrons going on vacation:

Arrangements should be made to

(a) have a neighbor accept the mail.

(b) notify the Postoffice to hold mail, and for what length of time.

(c) If absence is for an indefinite period, fill out temporary Change of Address forms, to vacation address.

WITH MOURNFUL MIEN, and sorrowful thoughts, Evelyn Sheerin displays her souvenir of the most recent Battle of Bunker Hill.

MARION MURPHY AND FRIEND: Marion Murphy, of Main Street South Wilmington, well known real estate dealer, has a strange dog in her office, who refuses to leave.

It is very friendly to women and children, and Marion believes it to be some child's pet, and that the children of a family are grieving for him. The owner can get the dog back by calling at her office, at 943 Main Street.

Today, exercise is a must for everyone in order to keep fit.

Anytime of the day is fine for exercise.

But it's not a good idea to retire immediately after strenuous exercise. Give the body at least an hour to unwind first.

Don't exercise right after a meal. Wait at least two hours. (On the other hand, exercising just before a light meal is a good way to combine exercise with diet.)

You might 'go stale' for a period when you begin to wonder why you ever started a training program. It usually happens to everyone. Just sweat it out. Your enthusiasm will return.

Don't quit!

Wilmington Art Festival

For lack of space the Town Crier was unable to report, last week, on the Wilmington Art Festival, held on June 8th by the ladies of the Wilmington Women's Club.

Presented here are some of the pictures, carvings and other art shown.

POPULAR VOTE FOR ART EXHIBITS

The popular vote, not to be confused with the Judges' vote, for the exhibits at the Art Festival were in the Sculpture Division:

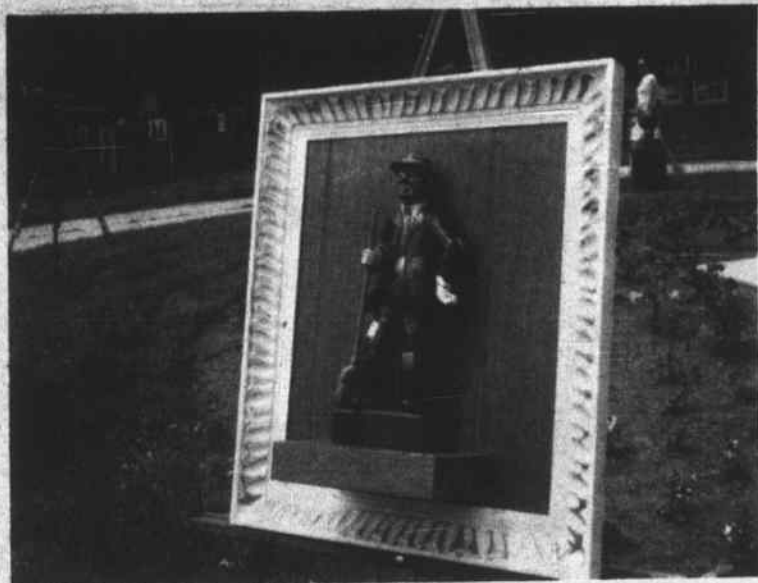

First Prize: 'Hawk and Dove' by John Russon of Wilmington.

Second Prize: 'The Clown' by Alden Kenniston of Pinehurst.

Third Prize: 'The Wood Carver' by Alden Kenniston of Pinehurst.

Honorable Mention: 'Alter Ego' by Peg Stetson of Tewksbury.

Honorable Mention: 'Tower of Man' by David Maison of Wilmington.

The Clown, a wood carving by Alden Kenniston of Pinehurst, did not win any awards from the officials, but took second prize in the popular vote.

MRS LOUISE WALLENT: Admires a First Prize Winner by Peg Stetson of Tewksbury.

BRASS RUBBINGS: By Ruth Kitchener, won a Special Award. The award went to the one at the left 'Sir John de Creyke'

NANCY HOWE'S 'The Guitar Girl'

A LATE ENTRY: By Paul Godzyk of Parker Street, a painting by one of his employees, Leonard Wadman, is received by Mrs Ruth Kitchener. It was a runner up for Third Prize in popular vote, although it could not take part in the official competition.

EARLY BIRD FITNESS PROGRAM

The North Suburban YMCA will start a new Early Bird Running Course on Thursday, June 20, 1968, at 6:45 am.

This Course is designed to start with basic conditioning and will develop so that each of the participants will be able to run a mile in nine minutes after ten weeks. Paul Dudley White, the eminent heart specialist has indicated that there is no better exercise for the heart than a well structured running program.

The program will be under the direction of Peter B Post, Executive Director of the North Suburban YMCA and Richard T Qualey Physical Instructor at the Woburn High School.

For information, please contact the North Suburban YMCA, 553 Main St, Woburn, 935-3270.

Human Rights Committee

On June 18th, a meeting was held at the Skating Club on Chestnut Street with 23 persons attending.

The Community Relations Chairman reported on the mailings and requested additional names of interest for people who could be active in education.

The Education Committee chairman suggested that a newsletter should go out once a month. Also a report was given on the meeting with Mr Shea and his receptive attitude and good suggestions.

The committee will meet with the school committee on July 11. He suggested if Metco was sponsored it be done at high school level on a continuing basis. Also, he suggested the Department Heads be contacted on the curriculum development.

A long discussion on curriculum ensued with concrete suggestions being made on multi ethnic books and media being used in school and obtained by the Public Library. Teacher recruitment was discussed and will be investigated by the Education Committee. Lewis Gardner, Betty Ingersoll, and Pat Roden volunteered to be on the Committee to visit colleges.

Mr Reed volunteered to be on the Family Life Committee at the request of Paul Bodenstein for volunteers.

Carl Backman, Chairman of the Housing Committee reported and said there was a potential of 15 to 20 families available to us.

A report on Avon Institute to be held by the Quakers at Lake Winnepausaukee was given by Nancy Bodenstein. Two areas will be studies, the Ghetto and Viet Nam.

A Study Group for the Kiernan Report with Rev Miller, Leo Barry and Paul Bodenstein will meet at 8:35, with Vernice Hensey, at Paul Bodenstein's home on Woburn St.

The next meeting will be on July 8 at Jack Mettauer's on Salem Street in North Wilmington. Officers will be elected and aims of Committee will be coordinated.

JAMES SOLAS GRADUATES FROM BRYANT & STRATTON

James R Solas, the son of Mr and Mrs Nicholas Solas of 23 Boutwell Street, Wilmington was graduated from Bryant & Stratton in Boston.

The Ceremony was held at 8:00 pm on June 7, 1968 in the War Memorial Auditorium.

Summer Recreation Programs

The Town Beach is now officially open. Weekdays it is open from 10 am to 8 pm and on Sundays from 12 noon to 8 pm.

It is for Wilmington residents only. All residents are to display their tags when asked. They are also asked to help keep the beach safe and clean, and to co-operate with the life guards.

Jack Bowen is the Life Guard in Charge.

Playgrounds

Playgrounds open next Monday at 9 am. The hours are to be from 9 am to noon; and from 1 pm to 4 pm., Monday through Friday.

Boys baseball will be from 9 am to noon - mornings only. Areas for baseball have been set aside at the Boutwell School, Glen Road School, High School and North Intermediate School.

The baseball program is to be in two parts, one a pilot program for boys 10 to 13 and one for boys 14 to 16.

There are to be programs especially directed for the interests of children 6 to 15 years old.

This program will include 'low' organized games, arts and crafts, individual games, special events, reading and quiet time, and music and drama.

Part of the program is to be Supervised Instruction, and part is to be Supervised Play. Attend-

ance is not compulsory. Children may come and go as they see fit.

Miss Maria Ferrara is to be the Person in Charge of Playgrounds.

Tennis Courts

There are three sets of tennis courts available to the public this year.

New courts at the Boutwell Street School and the North Intermediate School are for daylight use only. The public courts adjacent to the Roman House are lighted, and are available for evening play as well.

Adult Softball League

Games in the Adult Softball League are played at the Town Memorial Park, on Main Street, Monday through Friday, starting at 6:30 pm.

Howard Lefavor is in charge.

Little League

All activity in the Major Leagues was postponed because of rain and wet grounds, last week. These games will be played at later dates.

In the minors, Bill Kelly of the Red Legs hit a home run to help his team to an 8-6 win Saturday.

Giants pitcher Bob Fullerton threw 6 innings of shut-out ball Saturday, to lead his team to a 12-0 victory. Jerry Moore's de-

FROM THE BOX SEAT

Let's regress for a bit to 1953 when Joe Peters and Joe Casey were Wilmington's first Little League home run sluggers. That was the summer when 9-12 year olds found how much fun it was to play ball in front of folks in uniforms with those funny stockings that, surprisingly, didn't have any heels or toes.

Evolving from that start has come a Little League with twelve teams (excluding the six farm teams) and two pony league teams, all with selfless coaches, adequate umpiring, excellent equipment and fine uniforms.

Naturally, more ballfields came with the gradual increase in number of young players and were you to visit one you'd likely see a kid trying to poke a long one to impress a coach who's throwing them up, so that the kid can get a fancy uniform and a chance to do his stuff in a park with a fence and a grandstand full of cheering spectators.

The 1968 vintage Little League lad will play baseball only under these conditions, sort of a spoiled bonus-less baby. He won't practice his fieldings with '3 flies and 6 grounders' or 'Rolly-at-the-bat' or work on his hitting with scrub games or plain old ordinary batting practice. That stuff just isn't glamorous enough and it carries right over to Pony League, right through High School. Kids just won't practice on their own, and that may well explain the dearth of good hitters in our town.

The Recreation Commission's program for this summer will be a good criterion for determining the feasibility of a Babe Ruth League in Wilmington. The program provides for informal teams to be formed at the West, North, Glen Road and High School fields for inter-neighborhood play mornings, throughout the summer. There will be no uniforms, fences or fans, but if these kids want to play badly enough, it will matter little. Tune in next week for a Box Seat Recommendation.

Unreserved
The latest pastime for local morons is plowing furrows in ball fields with their cars. While on farming, do you think George Wallace would have an incompetent like Orville Freeman in his cabinet? ... Kevin Fields whitewashed

cisive double with bases loaded must have given Bob the lift he needed. Despite the lop sided score it was a good game.

Mark West's key hits started the Eagles to a 6-0 win over the Owls, to take over sole possession of first place in the farm league. Chuck Duggan hit a neat triple for the losing side.

June 23rd shapes up to be an even more exciting day in Little League. Beside the drawing of the raffle winners there will be the Major League All-Stars playing the Little League Dads, the All Star Minors playing the Little League Mothers and some of the rained out Major League games will be scheduled.

This means a full day of good baseball, starting at 1:30 pm.

The refreshment stand expects a good business with its expanded list of goodies this year.

Remember, all contributions from the on-lookers go to the Jimmy Fund, so lets have a good crowd. You'll have a ball!

first consulted and give their consent to such a program, be invited to meet these teachers at an informal meeting, be given complete understanding of the program, and shown the films. That they be encouraged to make recommendations for the program and given an opportunity to participate in it.

The vote of the School Committee does not commit it to a formal policy in sex education in the Wilmington schools.

The report itself is twenty three pages long, double spaced, type-written, and was prepared by a committee headed by James D. Hansen, Director of Audio Visual Services in the public schools.

It has been in preparation since last January, and part of the work was a Community Survey, to find parental reactions. There were over twenty six hundred responses from parents, which were tabulated.

The responses were from a total of 4600 persons surveyed. The interpretation of the study was divided into groups, and for one group (Red Group) the committee states:

1. They feel there is a definite need for a program in family living and sex education in the public schools.

2. The vast majority of this group (80%) feel teachers who are trained in this area would be qualified to teach such a program.

3. Most of them feel such a program should be instituted at the Junior High Level. It is interesting to note that 25.3% would like to see a program instituted which spans all grade levels.

4. They are most interested in participating in group discussions (78.7%) concerning such a program.

5. They are not concerned with the idea that teachers should be excluded from the moral aspects of such a program. 38.4% felt that a combination group of teachers, clergy, doctors and parents were qualified to teach the moral aspects. This percent represents 54.7% of this groups response to question #3.

Revah Brook Culvert Asked

The State Department of Natural Resources has been asked, in a letter written by George Boylen, chairman of the Board of Selectmen, if it (the Department of Natural Resources) can offer any assistance in providing for a culvert under Route 93, for Revah Brook, the stream that goes nowhere, in East Wilmington.

The letter written by Boylen was concerning the vote of the Board of Selectmen reporting the adverse

report of the Hatch Act Hearing for Alderwood Estates.

Boylen said that if Revah Brook could have a culvert under Route 93, so that it could again rejoin the Ipswich River 'we would like the opportunity to reconsider this application'.

'It does seem to us that this is a problem that should be of interest to your department, as well as to this town' Boylen said.

COMMONWEALTH OF MASSACHUSETTS LAND COURT PETITION TO FORECLOSE TAX LIEN

(Seal) No. 43328

To All Whom It May Concern, and to ISRAEL CHESBOROUGH and MRS ISRAEL CHESBOROUGH, if any, both now or formerly of Boston, in the County of Suffolk and said Commonwealth, or their heirs, devisees or legal representatives; WILLIAM H. RUSSELL and MRS. WILLIAM H. RUSSELL, if any, or their heirs, devisees or legal representatives; and THE WOBURN REALTY CORPORATION, a duly existing corporation, having an usual place of business in Woburn, in the County of Middlesex and said Commonwealth:

Whereas, a petition has been presented to said Court by the TOWN OF WILMINGTON, a municipal corporation, located in the County of Middlesex, and said Commonwealth, to foreclose all rights of redemption from the tax lien proceedings described in said petition in and concerning a certain parcel of land situate in said Town of Wilmington, in the County of Middlesex, and in said Commonwealth, bounded and described in said petition as follows:

About 2350 sq. ft. of land being a part of Lots 3 and 4 in Blk. 5 and part of Lot 3 in Blk 11 as shown on Woburn Park Plan A, and more particularly described in a deed to the Woburn Realty Corporation recorded with Middlesex North District Registry of Deeds, Book 791, Page 457.

If you desire to make any objection or defense to said petition you or your attorney must file a written appearance and an answer, under oath, setting forth clearly and specifically your objections or defense to each part of said petition, in the office of the Recorder of said Court in Boston (at the Court House), on or before the first day of July next.

Unless an appearance is so filed by or for you, your default will be recorded, the said petition will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

And in addition to the usual service of this notice as required by law, it is ordered that the foregoing citation be published forthwith once each week for three successive weeks in the Town Crier, a newspaper published in said Wilmington.

Witness, ELWOOD H. HETTRICK Esquire, Judge of said Court, this twenty-ninth day of May in the year nineteen hundred and sixty-eight.

Attest with Seal of said Court.
MARGARET M. DALY,
J6,13,20 Recorder.

Alexander-Laffin Nuptials

Harriet Gwen Alexander of 21 Veranda Avenue and the daughter of Mr Kenneth Alexander became the bride of Frederick Morris Laffin, son of Mr and Mrs Aubrey Lloyd Laffin of 11 Veranda Ave at a 3 o'clock wedding at St Dorothy's Church on April 20, 1968. Father Leahy officiated.

The soloist, Mrs Ernestine McVickers sang 'Ave Maria' and 'O Perfect Love' with the accompaniment of Mr William Noll at the Organ.

The maid of honor was Miss Edwina Alexander, sister of the bride and the bridesmaids were Miss Jean Laffin, sister of the groom and Mrs Eugene Trout, friend of the Bride.

Best man was Reginald Bernier brother-in-law of the bride from Brentwood, New Hampshire.

The ushers were James Laffin, cousin of the groom from Billerica and Mr Eugene Trout, friend of the groom from Wilmington.

In a straight empire waisted gown of organza and lace with a full train of organza and chantilace, a pill box headpiece with illusion veil, the bride carried roses and was given away by her father.

The bridesmaids were gowned in floor length gowns of crepe with lace bodices trimmed with daisies and green ribbons. Their headpieces were green bows and they carried daisies.

The reception was held at the Knights of Columbus Hall in Wilmington with Mrs Reginald Bernier in charge of the Guest Book. The bridegroom's mother was dressed in blue with matching accessories.

For her going away suit, the bride chose blue with a corsage of white roses.

Upon their return, they will live in Wilmington.

Both the bride and groom went to Wilmington High School. The bride is now employed by Sanders Associates in Bedford, and the groom has a little over a year left in his service to the U S Coast Guard, now stationed at the Salem Air Station in Salem, Mass.
